GENERAL PRICE LIST

These prices are effective as of January 15, 2018, but are subject to change without notice.

Kearns Funeral Service, Inc.

Funeral costs generally are divided into three areas: the services the funeral home provides, things you may purchase from a funeral home (merchandise), and things you may ask the funeral home to pay for on your behalf (cash advances). This General Price List outlines those three areas. There is a lot of information here; ask your funeral professional if you have any questions.

*A. Services of Staff

\$2625

Our fee for the services of funeral professional and staff includes, but is not limited to, staff to respond to initial request for service; arrangement conference with family or responsible party; preparation and filing of necessary authorization, certificates, and permits; and preparation of obituary notices. Also included in this charge are overhead expenses relative to our facility such as insurance, maintenance and utility expenses, and secretarial and administrative costs.

This fee for our basic services and overhead will be added to the total cost of the funeral arrangements you select. (This fee is already included in our charges for direct cremations, immediate burials, and forwarding or receiving remains.)

The goods and services shown below are those we can provide to our customers. You may choose only the items you desire. However, any funeral arrangements you select will include a charge for our basic services and overhead. If legal or other requirements mean you must buy any items you did not specifically ask for, we will explain the reason in writing on the statement we provide describing the funeral goods and services you selected.

PAYMENT POLICY

As in all other transactions you are involved in, provision for payment for our services is due at the time arrangements for the services are made.

Many people plan ahead for their last rites and the costs associated with them. Financially, their plans may include a pre paid funeral plan, life insurance, savings or investments. For others death comes unexpected and without the opportunity to plan or prepare.

It is important to be realistic about funeral expenditures. We do not want anyone to spend more than they are able to pay. It is our desire to offer affordable options to everyone, regardless of their situation.

As part of our service to you we provide services, merchandise and advance payments to others on your behalf. Provision for payment for these services is due at the time we begin to make those arrangements.

Though some funeral homes require payment in full PRIOR to services rendered, we know this can present a burden at a difficult time. Please visit with us about any special circumstances which you face.
